QUOTATION

Feb.2, 2025

Model of machine	Power size&brand	Control system model&brand	Laser head size and brand	Motor size and brand	CIF Mersin sea port Turkey price(\$)
6025H	Raycus 12kw	Hypcut 8000	BOCI BLT441	Yaskawa	77650\$/set
	Raycus 20kw			750w/1.8kw/2.9kw	93000\$/set
NOTE; above model of machine, one 40HQ container, this H series machine use tube welded machine frame ,fiber laser source with CE globe service					
6025GA	Raycus 12kw	Hypcut 8000	BOCI BLT642H	Yaskawa	90500\$/set
	Raycus 20kw		BOCI BL662H	750w/2.9kw*1/4.4kw*2	103500\$
NOTE; above model of machine, one 40HQ container fiber laser source with CE globe service. GA series machine is metal plate welded machine frame which has better mechanical function and more stable than tube welded frame machine					
Above machine ,model with H letter is economic type, and model with GA is heavy duty machine					

This is CIF price for machine, if the shipping cost does not has big changes ,price will be same ,if shipping cost has big changes ,will take the real cost of shipping cost , no mater cost reduce or raised, will get real cost ,generally speaking, it will not change big
